

WX GRAVITY

PROTECTIVE EYEWEAR BUILT FOR PERFORMANCE

As its name would suggest, the WX Gravity is a strong force in the Wiley X lineup, equipped with all of the features you need to maintain control in your pursuits. A slightly angled edge around the shatterproof lenses and textured detail on the rubberized temple arms are subtle and refined design elements that give the WX Gravity a modern flair. With a frame that fits comfortably on most face and head sizes, the included T-peg strap and irritant-blocking removable gasket provide extra security to the fit so your glasses stay right where they need to be.
