

## WILEY X P-17 CAPTIVATE POLARIZED BLACK FRAME GLASSES REVIEWED

Year after year, the Wiley X P-17CPL glasses maintain their status as a top-seller in the Active Lifestyle series, and for good reason. This model seamlessly combines simplicity and performance, making it a reliable choice for individuals seeking eyewear that transcends trends and delivers on functionality. The glasses stand out as a top-tier choice for those seeking both style and functionality in their eyewear. As a brand known for producing high-performance protective eyewear, Wiley X has once again delivered a product that combines cutting-edge technology with a sleek design.

With a traditional rectangular lens shape, it exudes classic style, ensuring it remains a staple for those who appreciate timeless aesthetics. What sets it apart is the compact fusion of simplicity and performance – a balance that caters to a wide range of face shapes and sizes.

The lightweight, dual-injected nose bridge and temple arms contribute to the glasses' all-day wearability, providing a secure and comfortable fit. Whether you're engaged in outdoor activities, sports, or simply going about your daily routine, the P-17CPL ensures you can do so with ease.

The P-17CPL model is equipped with polarized lenses, a feature that significantly enhances visual clarity and reduces glare. Whether you're outdoors engaging in sports, driving, or simply enjoying a sunny day, the polarization effectively minimizes reflections, providing a crisp and distortion-free view. This feature is particularly valuable for individuals who spend extended periods in bright environments or engage in activities where precise vision is crucial.

One of the standout features of these glasses is the shatterproof Selenite™ polycarbonate lenses. Engineered to meet stringent safety standards, these lenses provide military-grade impact resistance. This not only ensures protection against high-velocity projectiles but also safeguards your eyes from potential debris during outdoor activities or sports. The lenses also boast 100% UV protection, shielding your eyes from harmful sun rays.

Comfort is paramount, and the Wiley X P-17CPL glasses deliver in this aspect as well. The lightweight and ergonomic design ensures a snug fit without causing discomfort during extended wear. The frame is constructed from durable materials, adding to the overall robustness of the glasses. The rubberized nose pads and temple grips contribute to a secure and slip-resistant fit, enhancing stability during various activities.

Year after year, the Wiley X P-17CPL glasses maintain their status as a top-seller in the Active Lifestyle series, and for good reason. This model seamlessly combines simplicity and performance, making it a reliable choice for individuals seeking eyewear that transcends trends and delivers on functionality. The glasses stand out as a top-tier choice for those seeking both style and functionality in their eyewear. As a brand known for producing high-performance protective eyewear, Wiley X has once again delivered a product that combines cutting-edge technology with a sleek design.

With a traditional rectangular lens shape, it exudes classic style, ensuring it remains a staple for those who appreciate timeless aesthetics. What sets it apart is the compact fusion of simplicity and performance – a balance that caters to a wide range of face shapes and sizes.

The lightweight, dual-injected nose bridge and temple arms contribute to the glasses' all-day wearability, providing a secure and comfortable fit. Whether you're engaged in outdoor activities, sports, or simply going about your daily routine, the P-17CPL ensures you can do so with ease.

The sleek design, coupled with a matte finish, adds a touch of sophistication. The frames are available in multiple color options, allowing users to choose a style that complements their personal preferences. The Captivate™ polarized color-enhancing lenses, available in select models, reduce glare while providing crisp color and vivid detail. The package also includes a leash cord with rubber grips, a black zippered clamshell case, and a microfiber bag for Captivate™ models.

In summary, the Wiley X P-17CPL glasses offer a winning combination of advanced technology, durability, and style. Whether you're an outdoor enthusiast, a sports enthusiast, or simply someone who values quality eyewear, these glasses are an excellent investment in both eye protection and visual enhancement. Wiley X continues to set the bar high with the P-17CPL model, earning it a well-deserved five-star rating.

## **MFG DETAILS:**

- The P-17 is one of our longest running and most popular sunglasses, featuring lightweight, low-profile frames and ANSI Z87.1 safety rating for optical clarity and high mass/high velocity impact protection.
- PUSHING BOUNDARIES AND SURPASSING LIMITS ARE WHAT OUR ACTIVE SERIES ARE BUILT FOR PERFORMANCE PROTECTION FOR GETTING AFTER LIFE WITH CONVICTION.
- UNPARALLELED PROTECTION: Founded on a commitment to protect, Wiley X frames and lenses meets ANSI Z87.1 safety standards for optical clarity, high mass and high velocity impact protection.
