Wiley X, Inc. was founded by Myles Freeman Sr., a proud U.S veteran in 1987 with a simple premise - provide superior protective eyewear to the brave men and women who defend our country.

While we have never lost sight of our original goal, our mission has evolved. Today, the same technologies that continue to keep the military and elite special forces safe also protect those who seek outdoor adventure and safety on the job. Our high protection quotient and contemporary designs have become a favorite of outdoor enthusiasts, on the job workers, and athletes, both young and old. We give wearers the freedom to feel safe knowing that their eyes are protected under extreme situations.

Within the natural progression of Wiley X, we continue to expand our breadth of protection by redefining prescription safety eyewear. We are at the forefront of providing cutting-edge digital lens technology, becoming a recognized leader in high wrap prescriptions. We are Wiley X and we will not let you down.
YOUTH FORCE SPORT ASTM F803 STANDARD

Over 600,000 sports-related eye injuries happen each year with over 200,000 of them involving children. That’s why all of our Youth Force™ Sports Protective Eyewear meets ASTM F803 safety standards. We put our lenses and frames through a rigorous set of tests where we fire projectiles at 90mph to ensure that every child athlete that takes the field can feel safer and more confident. Approved for Soccer, Basketball, Racquetball, Squash, Badminton, Paddleball, Tennis, and Handball.

YOUTH FORCE SPORT ASTM F803 STANDARD

WORKSIGHT ANSI Z87.1 PROTECTIVE SIDESHIELDS

Say goodbye to the days of having to have separate eyewear for work and play. Our WorkSight™ frames come in a variety of trendy designs and colors that match any hardworking lifestyle. Providing ultimate protection, WorkSight™ glasses come with ANSI Z87.1 safety rated removable side shields offering versatility rarely seen in fashionable eyewear. Permanent sideshields also available for all styles.

WORKSIGHT ANSI Z87.1 PROTECTIVE SIDESHIELDS

ANSI HIGH MASS IMPACT TEST

Wiley X ANSI tested frames and lenses must withstand the weight of a 1.1 lb. pointed projectile dropped from a height of 50" to ensure that your eyes are protected from unexpected impacts.

ANSI HIGH VELOCITY IMPACT/VO BALLISTIC TESTS

Frames and lenses must withstand the impact of a .25" diameter steel ball fired at 150 fps (ANSI) or .15 projectiles fired at 640-660 fps (spectacles VO Ballistic). Goggles must withstand 20 projectiles fired at a rate of 550-560 fps. This ensures our lenses and frames are practically indestructible.

ANSI / BALLISTIC

REMOVABLE FACIAL CAVITY™ SEALS

Fine dust and pollen, as well as wind, can cause long-term eye irritation, such as Dry Eye Syndrome. Peripheral light can also diminish optical clarity. Wiley X’s removable soft foam Facial Cavity™ Seals block out even the finest irritants and peripheral light, protecting the eyes and allowing polarized lenses to perform at peak levels.

Lens Technology

**LENS ANATOMY**

- **Smoke Grey**
  - Provides glare reduction without distorting colors. Excellent in bright conditions and a perfect all-around choice for sports on water and land. Light transmission: 94%-20%

- **LA+ Light Adjusting Smoke Grey**
  - Photocromic lenses darken and lighten depending on brightness for maximum optical clarity. Light transmission: 85%-17% in sunlight

- **Smoke Green**
  - Provides maximum glare reduction without distorting colors. Reduces glare and brightens shadows. Great for general daytime use. Light transmission: 23%

- **Bronze**
  - Superior visual definition, increased contrast, and enhance ground level contours in most light conditions. Ideal for driving or motorcycle riding. Light transmission: 44%-20%

- **Amber**
  - Greatly reduces high energy visible light and haze while enhancing contrast and depth perception. Ideal for low-light / cloudy days. Light transmission: 12%

- **Light Rust**
  - Filters out most blue light waves; the chief component of glare and haze. Enhances contrast in medium to low-light conditions. Light transmission: 86%

- **Pale Yellow**
  - Best light enhancing lens tint. Increased contrast in low to extremely low-light/hazy/dull conditions. Light transmission: 86%

- **Vermillion**
  - Best for medium to low-light conditions. Sharpens contrast and brightens targets. Ideal for water activities, skiing, and extreme sports. Light transmission: 52%

- **Clear**
  - Maximum light transmission. See precise color values. Hazy or overcast, dull, dawn conditions. Light transmission: 89%

- **Copper**
  - Superior visual definition. Makes orange-colored targets stand out. Light transmission: 12%

- **Orange**
  - Best light enhancing lens tint. Increased contrast in low to extremely low-light/hazy/dull conditions. Light transmission: 86%

- **Purple**
  - Best for medium to low-light conditions. Sharpens contrast and brightens targets. Light transmission: 52%

- **Polarized Yellow**
  - For greatest clarity in low-light situations. Ideal for fishing, hunting, and other outdoor sports. Light transmission: 30%

- **Silver Flash**
  - One of the darker lenses Wiley X offers. Multi-coat, 2-ZOide mirror over smoke lenses. Reduces glare. Excellent on bright days. Light transmission: 12%

- **Venice Gold Mirror**
  - Amber base lenses great for sunny conditions. Polarized version is ideal for fishing in shallow water and target shooting. Light transmission: 12%

- **Blue Mirror**
  - Multi-coat green lenses made for the open water. Absorbs reflections across mirror surfaces and diminishes glare. Ideal in bright conditions. Light transmission: 11%

- **Platinum Flash**
  - Multi-coat 2-ZOide mirror over smoke green lenses provides maximum glare reduction without distorting colors. Great for general daytime use. Light transmission: 15%

- **Emerald Mirror**
  - Amber tinted lenses with green mirror designed to amplify contrast for superior visual performance. Distinct colors and crisp acuity in all light conditions. Light transmission: 17%

- **Crimson Mirror**
  - Smoke grey base. Excellent for constant sun/very bright conditions. Ideal mirror for driving, snowboarding, skiing, etc. Reduces glare and improves contrast. Light transmission: 16%

**FILTER 8 POLARIZED LENSES**

Our proprietary Filter 8™ Polarized Lens technology includes two Slick™ hydrophobic coatings, two Selenite™ polycarbonate lenses, two T-Shell™ scratch-resistant layers, One Violet™ anti-reflective coating, and a Filter 8™ polarized film layer that creates 100% polarization and gives you 100% UV protection. This process helps protect your investment by increasing durability and ultimately extending the life of your eyewear. If your lifestyle demands tough lenses, our polarized options are perfect for you.

**ANSI CLARITY STANDARD**

To meet the strictest ANSI optical requirements we test all of our lenses for the accuracy of vision, diffusion of light, variations in luminous transmittance, and angle dependence on luminous transmittance. Ordinary lenses can distort and alter the true size of objects as well as bend light, causing focal objects to appear off-centered. Our SEL (Smart Edge Lens) Technology lenses are de-centered and tapered to ensure that they can meet ANSI optical clarity standards and provide a true spatial relationship of objects in the field of view.

**THE MARK OF HIGH PERFORMANCE**

**ANSI CERTIFICATION LENS AND FRAME MARKS**

- WX Precedes all ANSI rating marks. Wiley X is the manufacturer.
- Z87 The eyewear frame and temples or goggle frame passes the ANSI high velocity and high impact test.
- The frames can be filled with a prescription lens, which is the case with almost all Wiley X sunglasses.
- The sunglass or goggle frame, temples, and lenses pass the ANSI high velocity and high impact test.
- The lens is a filter or shaded lens (not clear).
- The lens is variable-tint photochromic (light adjusting).
DIGITAL EDGE THINNING TECHNOLOGY

Wiley X’s DigiForce™ digital lens technology allows us to customize Rx lenses for our high-wrap frames. By combining the wearer’s prescription and frame measurement, our advanced digital lens tech creates crisper and clearer optics, enhances color contrast, and minimizes distortion.

Digital Edge Thinning is a lens technology that is used in wraparound sports frames and developed for enhanced vision for higher prescriptions. This process allows us to create lighter and thinner lenses when compared to standard lens manufacturers. By accommodating prescriptions as high as -7.00 to +5.00 in most styles, we can provide customers with the best possible appearance without compromising the integrity of the frame.

SCIENCE BEHIND DigiForce™ PRESCRIPTION TYPES AND LENS OPTIONS

- SINGLE VISION: Our digital lens technology customizes each prescription to the wearer’s frame fit, resulting in crisper and clearer optics compared to standard single vision prescriptions.
- PROGRESSIVE: Designed for extreme wraps, our digital lens technology offers a wide range of vision corrections making sure that the frame wrap angle, tilt, and vertex distance provide the wearer superior quality vision.
- ROAD & TRAIL: This design offers riders and drivers edge-to-edge clarity giving the wearer a seamless progression from road views to dash gauges.
- COMPUTE: Specially designed for computer and tablet distances to minimize digital eye strain and symptoms of Computer Vision Syndrome.
- WX LENS TREATMENTS:
  - MIRROR: Durable and scratch resistant, Wiley X mirrors feature a double sided dipped and thermally cured hardcoat, with premium AR coating included.
  - ANTI-REFLECTIVE: Wiley X premium AR coating provides an oleopholic, hydrophobic and anti-static layer, providing crisper vision and backside UV protection.
  - WX BLUE ANTI-REFLECTIVE: WX BLUE is a premium “Blue Blocking” AR specially designed to filter out the harmful blue light produced by PCs and handheld digital devices. WX BLUE AR offers superior scratch resistance and features hydrophobic and oleophobic layers that repel water, smudges and fingerprints.
  - SCRATCH RESISTANT HARD COATING: Super tough thermally cured hardcoat, highly durable and protective.
- WX PERFORMANCE OPTIONS:
  - POLARIZED LENSES: Acting as a visual filter, polarized lenses block blinding glare and can improve visual contrast.
  - PHOTOCHROMIC LENSES: Lenses transition from light to dark color in accordance to UV exposure and temperature. Also available in various polarized options.
  - TINTED LENSES: Performance tints for any activity. Carefully calculated light transmissions and densities are available in a wide array of colors to suit wearer’s personal/lifestyle needs.

BENEFITS OF THE WILEY X SPECIALTY LENS LAB:
- We are one of the few companies that can develop high prescription lenses for 8 base frames that meet the highest safety ratings.
- When fitted with prescriptions lenses, frames will have minimal changes. This means that the eyewear that your customers try on in the store will look and feel the same as what they receive after the eyewear is fitted with their prescription.
- Our proprietary lab of lens manufacturing experts allows us to have a quicker turnaround time than our competitors.
- Every prescription lens is etched and certified by Wiley X for authenticity to guarantee that you’re getting the clearest, highest quality lenses available.
CLIMATE CONTROL SERIES

The outdoors never stood a chance. Our Climate Control Series features multiple styles that fit most head shapes and sizes. All of our Climate Control models come with a removable Facial Cavity™ Seal that prevents the finest dust and dirt from getting into your eyes. Every style also meets or exceeds ANSI Z87.1 safety standards to keep you safe during the workweek and to keep you focused on your weekend adventures. We know that you like to have fun, but these glasses don’t play around.
**WX Titan**

The Wiley X WX Titan is our biggest and boldest frame. Made for larger head sizes, these glasses feature wrapped lenses that prevent any peripheral light from entering your vision. The removable Facial Cavity™ Seal blocks dust and dirt from getting into your eyes, and the included T-Peg elastic strap makes sure that your glasses are there when you need them. Available in 5 different color combinations, there’s no way you can’t find the perfect pair for you.

**BRICK**

Our Wiley X BRICK sunglasses feature an almost all-rubber temple adding a ton of flexibility. The removable Facial Cavity™ Seal provides protection from dust and dirt while working and pops off easily when you want to sit back and relax. During times of extreme action, the included T-Peg strap will keep the BRICK from slipping off of your face. These glasses are so tough you might even say that they're mighty-mighty.

**WX GRAVITY**

Don't let anything hold you down! The Wiley X WX GRAVITY features flexible half-rubber temples with stylish cylinder accents. Our Wiley X WX GRAVITY sunglasses feature an almost all-rubber temple adding a ton of flexibility. The removable Facial Cavity™ Seal protects your eyes from dust and dirt giving you confidence both at work and away from the job. We defied everything that you thought you knew about sunglasses with this design.

**AIRRAGE**

Good things come in small packages! Our Wiley X AIRRAGE model features a sleek low-profile design and is one of our smaller frames in our Climate Control series, but don't be fooled. These sunglasses still wrap nicely around your head and present any light entering your peripheral vision. With the removable Facial Cavity™ Seal, you can be confident that dust and dirt won't get into your eyes making these glasses perfect for working, cruising around on your motorcycle or scaling a mountain-side. Are you ready to rage?

**WX SLEEK**

These may be the smallest frames in our Wiley X Climate Control series, but they still pack a punch! The WX SLEEK fits snuggly on your face giving you confidence that they won't slip off during high-intensity activities. The removable Facial Cavity™ Seal keeps harmful dust and dirt out of your eyes making them perfect for working with your hands as well as outdoor adventures. One rave review is that the WX SLEEK are available in a matte violet frame which will help add a splash of color to your life.
ACTIVE SERIES

Stay active while staying in style. Our Active Lifestyle Series features the most extensive variety of shapes, colors, and lenses. From fashionable aviators to trendy square-framed glasses, the Active Lifestyle Series has something for everyone. The best part is that they all meet the highest ANSI ratings for superior protection and optical clarity ensuring that your vision will be safe and true during your many adventures.
WX KLEIN

Wiley X is flying high with our aviator-inspired WX KLEIN. Featuring a slim frame, these durable sunglasses are perfect for taking on white-water rapids or working in the yard. The distortion-free lenses are designed with a slight curve, completely blocking out any light from entering your peripheral view. If you’ve been searching for a pair of sunglasses that can match your active outdoor lifestyle, look no further than the WX KLEIN.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX HAYDEN

Our aviator-inspired WX HAYDEN features a durable, lightweight frame that fits snugly on your face. The distortion-free lenses wrap around slightly further than traditional sunglasses to help block out any light from your peripheral vision. Our WX HAYDENs also meet ANSI impact safety standards making them perfect for either work or play.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX OMEGA

One of the bolder frames in our Active Lifestyle Series, the WX OMEGA delivers a solid body with an incredibly comfortable fit. The lenses meet ANSI Z87.1 high velocity/high mass safety standards giving you the confidence that your eyes will be protected during any outdoor adventure. The wide temples help prevent any unwanted light from sneaking into the side of your glasses providing you with an unobstructed view.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX REBEL

Start a sunglasses revolution! Our WX REBEL features a durable, low profile frame, providing a sleek and sophisticated look. The lenses meet the highest safety rating standards for clarity and impact giving you the confidence that you need to take on the world. The WX REBEL may be classified as protective eyewear, but that’s just a bonus to what are undoubtedly the most stylish shades you’re ever going to own.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)
WX IGNITE

Light it up with the WX IGNITE! These stylish sunglasses feature thin temples and a lightweight frame that provides comfort for long periods of time. Designed for ultimate protection, the WX IGNITE meets the highest safety standards for both clarity and impact. The lenses have a sleek angled shape adding a ton of attitude to these already tough and tough glasses. When you need to dominate the outdoors, the WX IGNITE has got you covered.

WX TWISTED

Sunglasses with a twist? Yes, please! Our WX TWISTED steps up its fashion game by adding angled accents on the temple. The lenses meet ANSI impact and clarity standards making every outdoor adventure feel a little safer. The WX TWISTED answers the question “Is it possible to make protective eyewear stylish and comfortable?” with a loud, resounding “yes!”

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)
WX NASH
(RX READY) ANSI Z87.1
Don’t be afraid to be bold. Our WX NASH frames deliver a high level of comfort and a higher level of attitude. Inside the temples, there are rubber grips that prevent any slipping during intense outdoor activities. The ANSI rated lenses provide crystal clear, distortion-free clarity while protecting you from unexpected impacts. If durability and style are what you’re looking for, then your search is over.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)
SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX ACE
(RX READY) ANSI Z87.1
We have a little trick up our sleeve. We are known for making some of the most stylish and sporty shades around, but the WX ACE takes a different approach and resembles more of a high-fashion pair of sunglasses. The small notches that surround the lenses give these glasses a unique personality that is sure to get you noticed. Even with all their differences, the WX ACE is still ANSI rated for impact and distortion-free clarity. Now the only question is, are you brave enough to be different? Because we are.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)
SOLD SEPARATELY:
- Floating Leash Cord (A494)

SLAY
(RX READY) ANSI Z87.1
Ready to conquer the world? Our SLAY model features half rubber temples that provide excellent flexibility and comfort. The wide, ANSI rated lenses and full frame block all unnecessary light allowing you to keep your head in the game. Taking on the outdoors has never been easier.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)
SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX PEAK
(RX READY) ANSI Z87.1
The top of the mountain is waiting for you! The Wiley X WX PEAK features a sleek, square design with a comfortable and flexible rubber nose pad. Most square eyewear will usually let light sneak through your peripheral vision, but with wider lenses than standard frames, the WX PEAK prevents blinding sunbeams that can obstruct your view. These glasses are also ANSI rated for clarity and impact, keeping you safe, secure, and in style.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)
SOLD SEPARATELY:
- Floating Leash Cord (A494)
NEW WX VALLUS

Need protective eyewear that fits your style? Our WX VALLUS has you covered! Featuring a bold design, these high-wrap frames have durable temples with thin accent lines that highlight the Wiley X logo. Despite being a full-frame model, the WX VALLUS is lightweight providing you with hours of comfort. Now is the time to start looking good while staying safe.

P-17

The P-17 is one of our longest running and most popular sunglasses. It may be because of the low profile frames, or the ANSI rated, distortion-free lenses that provide superior protection from unexpected impacts. It could be the high level of comfort from the lightweight design that somehow manages to block out all unnecessary light. It’s also possible that for over ten years we’ve been making consistent improvements to an already trusted product.

INCLUDED ACCESSORIES:
- Black Zippered Clamshell Case (DN300)
- Leash Cord w/ Rubber Temple Grips (A492)
- Cleaning Cloth (A427)

SOLD SEPARATELY:
- Floating Leash Cord (A494)

WX TOBI
ANSI Z87.1

One of the more unique pairs of glasses in our Active Lifestyle Series, the WX TOBI features one of the lowest profiles in our entire portfolio. The open frame design makes these sunglasses ultra-lightweight, but don’t be fooled – these are just as tough and durable as any of our other glasses. Our ANSI rated lenses provide distortion-free clarity and meet the highest standards for safety. The WX TOBI is so magical that we should consider changing their name to the WX Houdini.

Show off your fandom for the 2018 NASCAR Champion with these stunning new shades.
CHANGEABLE SERIES

A little change is good for everyone. Almost all of our Changeable Series eyewear meets or exceeds the same safety standards that are used by law enforcement and military personnel. The durable interchangeable lenses allow you to adapt to any lighting conditions making them perfect for all-day adventures. Whether you’re defending our freedoms at the frontline or a serious outdoor enthusiast, our Changeable Series features multiple frame styles and lens colors that will keep you safe and protected.
WX VALOR

**WX READY**

**BALLISTIC**

Rise up to the challenge! Our WX VALOR features a lightweight, semi-rimless frame and ballistic rated lenses. The rubber tipped temples provide extra grip to keep the glasses from slipping during intense action. We have a lot making protective eyewear, but we don’t play around when it comes to the quality of product that we make for the people who defend our country. You can trust the WX VALOR because we have trust in you.

WX DETECTION
GAME-WEAR UNIFORM
Don't lose sight of your target! The WX DETECTION interchangeable lens system allows you to quickly swap out the durable shatterproof Selenite™ lenses whenever there is a change in lighting conditions. By including flexible form-fitting rubber temples and an adjustable nose piece, WX DETECTION provides long-lasting comfort and an unobstructed view. We've done everything in our power to make sure that you don't miss your target, but now it's up to you to take a shot.

INCLUDED ACCESSORIES:
- Protective Storage Case (DN700)
- 6 Lens Pack
- Protective Storage Case (DN700)
- 3 Lens Pack
- Cleaning Cloth (A427)

INTERCHANGEABLE LENS SHOOTING KIT

DEIGNED AND DEVELOPED IN CLOSE PARTNERSHIP WITH WORLD CHAMPION SHOOTERS, OLYMPIC MEDAL WINNERS AND PROFESSIONAL HUNTERS.

WX DETECTION is a premium shooting glass designed with multiple adjustment points at the nose bridge and temples to provide distortion-free and pinpoint accuracy. Built 25% lighter for extended-wear comfort, the WX DETECTION interchangeable lens system delivers ballistic-rated, shatterproof protection and superior visual clarity. The spectrum of five interchangeable lens tints filter and shift wavelengths to accentuate your target in all lighting conditions, in the field and at the range.

WX ROGUE
SPORTS UNIFORM

BALLISTIC
So good they should be illegal! The Wiley X WX ROGUE sets a new standard when it comes to protective eyewear with its lightweight frame, flexible nose piece, and ultra-durable changeable lenses. Designed to block out all unwanted light and to keep your view unobstructed, the lenses feature a wide wrapping. Need something that's perfect for work and play? The WX ROGUE also meets the highest safety ratings for ballistics and high-velocity projectiles. Don't you think it's about time that you go ROGUE?

GUARD ADVANCED

Protection that you can see! Our GUARD ADVANCED is one of the lower profile frames in our Changeable Series. The lenses meet the highest safety standards for clarity, ballistics, and high-velocity projectiles. We are constantly improving our products, but with the GUARD ADVANCED, we took an already solid pair of glasses and made a few tweaks to make them even better. At a lower price point, these glasses will keep you trendy without breaking the bank. Style. Comfort. Inexpensive. What else could you ask for?

WX TALON

Each pair of sunglasses that we make meets the highest standards for unexpected impact, but sometimes we take it a step further. Our WX TALON ADVANCED has been tested and approved by the U.S. Military for use by their soldiers. The lightweight design, changeable, scratch resistant, anti-fog lenses, and an extremely durable build make the WX TALON ADVANCED one of the most comfortable and protective pieces of eyewear that we make.

INCLUDED ACCESSORIES:
- APEL Case (TS-235)
- Cleaning Cloth (A427)

WX VAPOR

Light & fit for WX VAPOR is one of our most trusted pairs of eyewear. The lenses have been tested and approved by the U.S. Military for use by their soldiers. Featuring this template as well as a sleek frame, the WX VAPOR is designed with style and comfort in mind. The lenses meet the highest standards for clarity, ballistics, and high-velocity projectiles keeping you safe from unexpected impacts. If you’re the type of person who needs durable eyewear, the WX VAPOR was made for you.

SABER ADVANCED

What happens when we take our state-of-the-art technology to one of our most trusted styles? The SABER ADVANCED is born! Developed with comfort in mind, the SABER ADVANCED features a lightweight design, flexible nose piece, and a flip insert on the changeable lens. These glasses meet the highest ballistic and high-velocity projectile safety standards. With multiple color lens options, the SABER ADVANCED is perfect for both work and play.

INCLUDED ACCESSORIES:
- APEL Case (TS-235)
- Cleaning Cloth (A427)
WORKSIGHT™

Could fashionable and functional protective eyewear really exist? It does now! Our WorkSight™ frames are available in a variety of designs and colors that match any hardworking lifestyle. The removable side shields meet ANSI Z87.1 safety standards making them stylish enough to wear in the office and durable enough to wear in the workshop.
WX EPIC

It’s going to be huge. No. Monumental. No. Legendary! The WX EPIC WorkSight™ eyeglasses deliver an incredibly trendy style while still making sure that we hit all of the critical protective checkboxes. The ANSI rated lenses for clarity and high-velocity projectiles combined with the removable safety shield shields make the WX EPIC perfect for work and play. With three different color schemes to choose from, there’s definitely a fit for you.

WX CONTOUR

You want comfortable and stylish protective eyewear, and we have what you’re looking for. The WX CONTOUR features a comfortable, lightweight design that is perfect for wearing all day. The ANSI rated lenses and removable side shields provide extra protection from unexpected impacts as well as dust and dirt. With four different color schemes to choose from, the WX CONTOUR has something for everyone.

WX MARKER

Could sophisticated protective eyewear really exist? Our WX MARKER features a sleek, lightweight frame, ANSI rated lenses for high-velocity projectiles and removable side shields for extra protection. Besides being ultra-fashionable, the WX MARKER is durable and built to last. If you have been struggling to find stylish eyewear that can match your busy, hardworking lifestyle, then look no further than the WX MARKER. Hmm, it seems like sophisticated protective eyewear does exist.

WX PROFILE

Is it possible for protective eyewear to be practical, comfortable, and fashionable? Well, it’s not, what have we been doing for over 30 years? The WX PROFILE features a sleek and sophisticated look that makes them perfect for the home, workshop, or office. Built to last, the WX PROFILE has a durable frame, ANSI rated lenses that meet high-velocity standards, and removable side shields that protect you from stray dirt and dust. Whether you’re someone who works all day with their hands, or you sit in an office in front of a screen all day, the WX PROFILE is still the right choice.
NEW WX AXIS

Turn the world upside down! Our WX AXIS delivers a sleek, sophisticated look that's a perfect fit for both the office and the workshop. Designed for ultimate comfort, the WX AXIS features air-filled nose pads and adjustable core temples that contour to your head. By attaching the included removable side shields, the WX AXIS meet ANSI safety standards. The 5 barrel hinges provide extra flexibility to prevent accidental breakage. If you need eyewear that's fashionable and durable, the clear answer is the WX AXIS.

NEW WX FUSION

The WX FUSION has arrived! These glasses feature a sophisticated unisex design that is highly functional and fashionable. The air-filled nose pads and adjustable core temples provide unmatched comfort. With the included removable side shields, the WX FUSION meets ANSI safety standards making them perfect for the workshop or the yard. The 5 barrel hinges add additional flexibility to prevent accidental breakage. When you need to get the job done, call on the WX FUSION!

Over 600,000 sports-related eye injuries happen each year with over 200,000 of them involving children. That’s why all of our Youth Force™ Sports Protective Eyewear meets the highest ASTM F803 safety standards. We put our lenses and frames through a rigorous set of tests where we fire projectiles at 90mph to ensure that every child athlete that takes the field can feel safer and more confident.
**WX CRUSH**

**WX READY | AUGUST 2021**

Watch your opponents crumble! Our WX CRUSH meets ASTM safety standards for high-velocity impact resistance. The soft plastic nose piece and lightweight, yet durable frame design will give you the confidence that you need to rise to any challenge. You can easily convert the WX CRUSH into a pair of goggles by attaching the included adjustable strap. Once you hit the court or field with a pair of the WX CRUSH, you’ll wonder how you ever played without them.

YOUTH FORCE™ EYEGLASSES

Wiley X is expanding its popular Youth Force™ with an all-new line of eyeglasses. Designed for an older youth market, this line meets ANSI Z87.1 safety standards for superior optical clarity and protection from unexpected frontal impacts. The Youth Force™ eyeglasses also feature 5 barrel hinges that increase durability and prevent accidental breakage making these the perfect pair of eyewear for the kid on the go.
One small pair of eyewear for your child, one giant leap for your child’s future. Our WX LEAP features a unisex square frame and comes in three fashionable styles. The spring hinges provide extra flexibility which helps prevent accidental breakage. Prescription-ready and ANSI rated, these glasses will keep your child safe and give them the best possible view of the world.

Ready to go head over heels? Our WX FLIP features a unisex design and three awesome color choices. These ANSI safety rated glasses will protect your child’s eyes from unexpected frontal impacts and provide superior optical clarity. The spring hinges allow for extra flexibility and help prevent accidental breakage. When your child needs a new pair of glasses the clear answer is the WX FLIP!

This one is for the girls! Our WX BOUNCE is available in three color options that are specifically made for young women who are looking for fashionable eyewear. Featuring spring hinges, these ANSI rated and Rx ready frames are extremely durable and functional. If you’re looking for prescription glasses that give your child an extra boost of confidence, then the WX BOUNCE is what you need.

We cracked the code for cool eyewear! Our WX SPLIT comes in three awesome color choices for young women within the age range of 10 to 15-years-old. These Rx ready frames are ANSI rated for protection from unexpected frontal impacts and have spring hinges that prevent accidental breakage. Ultra-durable. Ultra-stylish. The WX SPLIT has everything your child could ever need!

TACTICAL GEAR

Wiley X was born on the battlefield and has been making protective tactical gear for military personnel, law enforcement, and government officials for over 30 years. All of our goggles feature removable lenses and meet the highest safety ratings for ballistics, high velocity/high mass impacts, and optical clarity. Our gloves are strategically designed to maintain dexterity for quick responses while providing extra support in high wear areas for added durability and longevity. Protecting those who protect our freedoms is a great honor that we do not take lightly.
SPEAR

One of your greatest weapons is your vision. Our SPEAR model features changeable lenses that meet safety standards for clarity, ballistics, and high-velocity projectiles. These lenses have been tested and approved by the U.S Military for use by their soldiers. Despite the bold frame, the SPEAR is lightweight and can be worn comfortably for extended periods of time. The SPEAR’s removable facial cavity seal helps provide extra protection by preventing dust and dirt from getting into your eyes.

We live to protect those who protect us and that’s exactly what the SPEAR was designed to do.

INCLUDED ACCESSORIES:

CAG-1

Combat Assault Glove

Having essential equipment can sometimes be the difference between life and death. Our CAG-1 is made in the U.S.A. Touchscreen compatible and features treated goatskin leather for durability, an injection molded knuckle protector, and leather reinforcement in high-wear areas. Designed with durability in mind, the CAG-1 glove is thermal and cut resistant, features a removable injected molded knuckle protector, and is reinforced in high-wear areas. Designed for combat, these gloves provide intermediate cold weather protection and match military issued uniforms. The lightweight Kevlar and adjustable cuff make the CAG-1 one of the most comfortable combat gloves on the market.

Aries Glove

Take over the sky! Our ARIES gloves feature an open three fingertip design for improved dexterity and sensitivity. Made from 100% Kevlar, ARIES is made to last 4-6 times longer than other flyer gloves. The flame resistant materials along with the adjustable cuff and clip strap for storage and portability, make these protective gloves comfortable and convenient. The ARIES are proudly made in the U.S.A and are NASA approved.

Paladin Intermediate Cold Weather Glove

Weather any storm! Our PALADIN gloves feature fast drying DRIFIRE® Insulation, a padded knuckle protector, and they meet military flame resistance requirements. Designed for combat, these gloves provide intermediate cold weather protection and match military issued uniforms. The lightweight Kevlar and adjustable cuff make the PALADIN one of the most comfortable combat gloves on the market.

Hybrid Glove

Fight the war! Our HYBRID glove is an authorized Army combat glove that meets military flame resistance specifications, and matches U.S.Military uniforms. Designed with durability in mind, the HYBRID glove is thermal and cut resistant, features a removable injected molded knuckle protector, and is reinforced with goatskin leather in high-wear areas. While you’re an active military member or a weekend warrior, these gloves will accomplish any mission you throw at them.

FEATURES:
- Thermal and Cut Resistant
- Flame Resistant
- Adjustable Cuff for Custom Fit
- Reinforced Leather in High-Wear Areas
- 100% Nomex Knit
- Knuckle Protector

Make in USA

**ORION GLOVE**
The stars have aligned! Our ORION Gloves are proudly made in the U.S.A and are approved for US Army Aviation and Air Force Safe-to-Fly. Made of 100% Kevlar knit, ORION is lightweight, durable, and flame resistant. The adjustable cuff and clip strap make these gloves convenient and comfortable. If you want the upper hand when it comes to protective gear, look no further than the ORION.

**DURTAC GLOVE**
Looking for dependable tactical gloves? Our DURTAC gloves feature injection molded thermoplastic knuckle and finger protectors and moisture-wicking heavy-duty Lycra® gussets for maximum grip and protection. The synthetic leather palm, neoprene cuff, and ventilated fingers provide ultimate comfort for work or play. Seriously, what else would you want from a pair of gloves?

**APX GLOVES**
Sometimes you just need the tools that get the job done! Our all-purpose APX gloves feature a synthetic leather knuckle and palm protector for maximum durability. The ventilated fingers increase airflow and breathability, keeping your hands cool during the toughest jobs. Whether you’re someone who spends the weekend wrenching on cars or someone who thrashes through the mud on a four-wheeler, our APX gloves are the right fit.

**FEATURES:**
- Outlasts Flyers Glove 4-6 Times
- 100% Nomex Knit
- Flame Resistant
- Adjustable Cuff for Custom Fit
- Sheepskin leather reinforced in high-wear areas
- Custom Designed to Match U.S. Military Uniforms
- Clip-Strap for Easy Storage and Portability
- Neoprene Cuff for Custom Fit
- TPR Closure for Easy Grip
- Reinforced Thumb and Palm Patch in High-Wear Areas

**FEATURES:**

WARRANTIES

1) Wiley X Non-Prescription Eyewear – Limited Lifetime: Wiley X, Inc. warrants non-prescription Wiley X eyewear to be free of manufacturing defects in materials or workmanship for the life of the original purchaser, with the following exceptions:

   - Youth Force™ eyewear is warranted against defects in materials or workmanship for a maximum period of 2 years.
   - LA™ Light Adjusting lenses are warranted against defects in materials or workmanship for a maximum period of 18 months [proof of purchase for LA™ Light Adjusting lens products required].

Licensed Brands:

   - Remington® by Wiley X, Inc. products are warranted against defects in materials or workmanship for a maximum period of 1 year.
   - John Deere® eyewear by Wiley X, Inc. [US and Canada only] is warranted against defects in materials or workmanship for a maximum period of 1 year.

2) Prescription Eyewear Frames: Wiley X, Inc. warrants and John Deere® frames filled by Wiley X authorized prescription laboratories to be free of manufacturing defects in materials or workmanship for a period of 1 year. Prescription frame and lens warranties must be handled through the local retailer or dispensing optician from which they were originally purchased. Prescription lens manufacturing defects are covered by the lab who originally dispensed them. Proof of purchase required.

3) Gloves: Wiley X, Inc. warrants gloves to be free of manufacturing defects in material or workmanship for a maximum period of 2 years.

4) Remington® by Wiley X, Inc. Hearing Protection: Wiley X, Inc. warrants Remington® by Wiley X, Inc. hearing protection products to be free of defects in materials or workmanship for a maximum period of 1 year.

Scope of Coverage: Wiley X will repair or replace covered items at the sole discretion of Wiley X, as needed and as available [identical or equivalent style] at no charge. Out of warranty items may be repaired [if repairable], replaced, returned or destroyed, at the option and sole expense of the purchaser. Exclusions: This warranty does NOT extend to and excludes (i) any and all Wiley X products purchased through Amazon, Ebay or any non-authorized 3rd party websites, dealers or labs; (ii) damage resulting from normal wear and tear, including but not limited to scratched lenses and broken frames, hinges and nose pieces; (iii) damage resulting from abuse or misuse; (iv) damage resulting from tampering or customer modification; (v) damage resulting from exposure to harmful substances, elements or conditions; (vi) other damage to covered items not resulting from a manufacturing defect in materials or workmanship as Wiley X shall decide in its sole discretion, or (vii) lost or stolen items. Proof of purchase is required.

How to Process a Warranty Claim for Repair or Replacement of Covered Items:

A. IN THE UNITED STATES: Please complete the online warranty claim form located online at www.wileyx.com/about/support/warranty. After proper completion of the online warranty claim form, Wiley X will provide you a Return Authorization (RA) number. Print the completed online warranty claim form [including the RA number] and send the warranty claim form along with the covered item and proof of purchase to Wiley X, Inc., Attn: Returns Department, 7800 Patterson Pass Road, Livermore, CA 94550. Please use a traceable shipping method [Wiley X is not responsible for lost, stolen or damaged shipments] and allow 7-10 business days from our receipt of the package to process your warranty claim.

B. OUTSIDE THE CONTINENTAL U.S.: Please contact the Wiley X, Inc. Authorized Dealer nearest you for instructions. If you cannot locate a Wiley X, Inc. Authorized Dealer, please email warrantyclaim@wileyx.com for instructions.

For covered items and full text of this warranty, please see: www.wileyx.com/about/support/warranty

RETURNS AND EXCHANGES

Returns and exchanges will not be accepted without receiving prior authorization to include an assigned return authorization number. For every one item returned, at least one item must be purchased. Returns must be in resalable condition, as determined by Wiley X for product not discontinued longer than six months. All returns must be shipped prepaid from point of origin, unless prior arrangements have been made. No CD returns accepted. New orders resulting from exchanges will be shipped upon receipt of returned merchandise unless other arrangements have been made with Wiley X. Customers are responsible for all shipping charges, both inbound and outbound. Returns should be sent attention: RETURNS DEPARTMENT.

TERMS AND CONDITIONS

All Wiley X models may be combined when compiling a quantity order. Extreme care is taken when packaging all products we ship. If a discrepancy occurs, a claim should be made immediately.

Standard Terms: NET30 [upon credit approval]; COD Invoices incur minimal shipping and handling fee; Credit Card (Visa, Master Card, Discover, American Express).
